Simpson calls on MacTiernan to provide school bus

Next year over 100 high school students will be travelling to Mundijong every weekday in order to attend the Serpentine-Jarrahdale Grammar School.

Unfortunately no school bus has yet been organised to take them there.

Local MLA Tony Simpson has written to the Minister for Planning and Infrastructure Alannah MacTiernan asking her office for a commitment to provide a bus for these children.

“There are a lot of children travelling to Mundijong every day to attend the school,” said Mr Simpson.

“With many families having two full-time working parents, it is impossible for many to drive their children around.

“The Minister needs to commit to providing these children with a safe and affordable way to travel to and from school.

“I call on Minister MacTiernan to ease the minds of those parents whose children will be attending SJ Grammar next year and make this commitment.”
